THE EXPERIENCE

I think wedding photography should be a combination of unposed, documentary style photographs with a bit of glamour thrown in. Planning is essential and communication a must. Most of my clients express concern about being in front of the camera - and it's my job to make you feel comfortable.

REVIEWS

FROM COUPLES

Grace & Mitch

"Jen Burch is a vibe! She photographed our wedding day and was amazing. Jen was a great balance between fitting into the day seamlessly to get the candid photos we were after and interjected just enough to get some amazing shots that we wouldn't of had otherwise. Jen was great on the day, super organised and very easy to deal with before and after. We had sneak peek shots the very next day and the full catalogue within 3 days. If you are planning a wedding, give Jen a call. There's a reason she only gets 5 star reviews

Sophie & Scott

"I cannot thank Jen enough for all of her hard work and amazing skills on our wedding day. Jen was so lovely to work with, she was there with us for a 10 hour day, and would encourage us to take breaks and moments with each other, so that we did not get overwhelmed or forget the purpose of the day. Jen understood our vision of what we wanted captured through her photos, and she delivered this ten-fold! Our photos were full of genuine emotion, fun moments, and were just so beautiful to look over. I hope there are more opportunities in the future for us to have captured through Jen's lens!

Sally & Edward

We are so happy that we chose Jen to be our wedding photographer. She was incredible leading up to the wedding, all throughout the day and afterwards too. She really got to know us, memorised my family's names, was calm and organised, made us feel so comfortable, and gave us joyful and beautiful photos that we will cherish forever. The sneak peak photos were ready in less than 24 hours and all the photos were ready within a week! Would recommend to anyone getting married on or around the Central Coast. Thanks again Jen :)
